Understand Kidney Transplants

When you or a loved one has kidney failure, it's important to know every treatment option. One of them is a kidney transplant. From finding a match to taking care of a new kidney, get to know more about kidney transplants.

Understanding Kidney Disease

DaVita Eats: Grilling with Chef Bonanno
Denver Chef Frank Bonanno shows how to grill a healthy and fresh meal that's low in sodium and high in flavor.

"The myDaVita community is a great tool...[it is] right there on your phone. Anything you need in that tool is accessible and easy to get."

-Jason, DaVita dialysis patient
