

ClearCaptions.

See the Entire Conversation in Real-time at No Cost

If you are experiencing any form of hearing loss, you may qualify to receive a ClearCaptions phone at no cost to you! ClearCaptions offers real-time phone captioning that allows you to see every word said on the call.

ClearCaptions is a Federal Communications Commission (FCC) certified telephone captioning provider. Our captioning service is paid for through Title IV of the Americans with Disabilities Act (ADA), a fund which established the Telecommunications Relay Service. There is no cost to qualified individuals whose hearing loss inhibits their phone use.

IP captioned telephone service may use a live operator. The operator generates captions of what the other party to the call says. These captions are then sent to your phone. There is a cost for each minute of captions generated, paid from a federally-administered fund.
