Property and Contents Cleaning

Virtually every project we undertake has affected contents within the structure that are in need of cleaning and restoration. RCT Disaster Recovery has the knowledge and experience needed to ensure restoration of even the most difficult items. Immediately after the disaster, we will assist with you retrieving restorable clothing that can be professionally cleaned and returned to you within 28 - 48 hours so you and/or your family won't have to go without some of the basic necessities.

RCT GREENLIGHT Program

Disaster Pre-Plan

RCT Disaster Recovery and the GREENLIGHT program can help limit the financial and personal devastation by providing you with:

- Dedicated resources that will respond 24 hours a day, 7 days a week
- Communications with your insurance company to advise them that you have created a Disaster Pre-Plan, which in some cases result in discounts on your policy rates
- Creation of pre-designed priorities and recovery plans
- Pre-approved pricing and billing
- Coordinated recovery efforts with pre-approved local and national vendors
- Priority resources in cases of an area-wide disaster

RCT Disaster Recovery has a level of service to meet the diverse needs of a wide variety of organizations. Through GREENLIGHT, mission-critical needs and priorities are identified in advance. Valuable time coordinating immediate response measures can instead be focused on restarting operations. After a disaster, the program GREENLIGHT enables your business to resume operations with as little disruption as possible.

GREENLIGHT is designed to turn any unfortunate course of events into a successful restoration solution. RCT Disaster Recovery will work with you to develop a disaster plan that is specific to your industry and business needs. Your priorities are discussed ahead of time so RCT can take handle the situation, allowing you to focus your resources on stabilizing your business.
